| <p>(54) Title: TOOL HANDLE</p> <div style="text-align: center; margin: 20px 0;">  </div> | | |
| <p>(57) Abstract</p> <p>The invention relates to a tool handle and more precisely to an improved handle (1) having a gripping hole (3) for the thumb. The tool has a working portion (2) connected to the handle (1). Preferably, the gripping hole (3) is located such that the other fingers (4) of the hand will apply pressure to the tool relatively close to the working portion. The handle may also have a removable plug intended for fitting into the gripping hole (3) so as to give the handle a conventional, solid embodiment. The handle is suitable for tools such as trowels and similar, and allows an improved grip of the tool during work.</p> | | |
